MANUFACTURING

SH SOURCING HUB believes in a long-term relationship and works with client as their overseas partner and strongly monitors the orders from development to shipment in order to ensure smooth execution in a timely manner with the highest quality. Beside of our owned manufacturing units, we place orders with our partner manufacturers in Bangladesh.

Workmanship and timely deliveries are concern. In our sourcing network we have a wide range of manufacturers from small to large and medium to high graded compliant factories enable us to produce all kinds of apparel products with minimal to large capacity. We manufacture Shirt, Blouse, t-shirts, polo, Bermuda/shorts, trousers, skirt, Jackets & sweaters for all categories as Men's Ladies, Kid's.... We have a strong team follows the process through from the concept development to sampling and to the finished product. We try hard and keep the commitment. We share and update clients time to time to avoid any confusion and misunderstanding in the work process. Once we are promised we are dedicated and never under-perform.

MANUFACTURING PROCESS

Sampling

Our sampling team can make development sample within 7-10 days with Collecting customer's requirement of fabric and style. Identifying and selection of appropriate source. Preliminary screening by inspection and testing. Forwarding samples to the customers and receiving feedback.

Pricing

Our vast networking in Bangladesh allows us to provide the cheapest price available in Bangladesh. Receiving and verifying the quotations of suppliers by studying their suitability both in terms of quality and capacity to meet contractual requirements. Negotiation and finalization of price.

Quality

Our products units' section terms are depending on products range, quality of control process, Products capacity, financial capacity, Manpower and machineries capacity, Technology capability and Management efficiency. Quality Assurance is conducted in 4 stages of production. Pre-production check Initial production check During productions check Final random

Shipment

Arrange vessel for shipment with the forwarders and follow up shipment points for smoother connections. The above are some of the important activities we perform to provide a very effective service.

OUR CERTIFICATIONS

OUR JOINT COLLABORATION

We Have Joint Collaboration with the Factories of China for Fabric, Trims and for finishing chemical, to ensure quality and on time shipment.
